

## Filterpak Plus

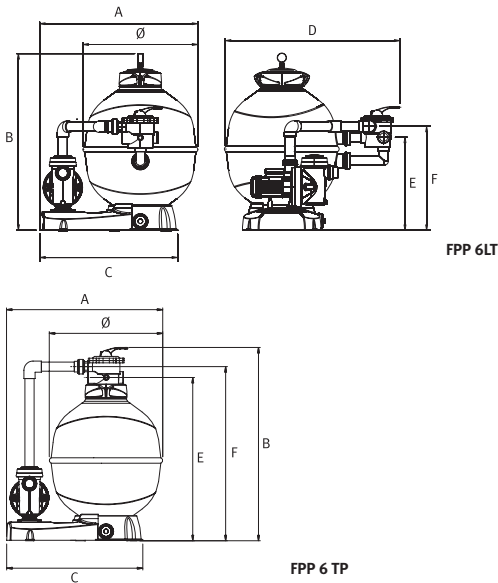

### Description

Compact filter and pump units in pools up to 176 m<sup>3</sup>.  
Highly versatile, with top- or side-mounted 6-way valves.  
Maximum quality, with injection-moulded filters from Ø 520 up to 760 mm, and pumps up to 1.5 HP.

### Characteristics

Compact centrifugal pump from the Blaumar ESPA Pool range.  
Thermally welded, modified polypropylene filter.  
1½" 6-way valve in Ø 520 and 620 mm models;  
2" in Ø 760 mm model.  
Base unit in modified polypropylene.  
Rigid pump-filter connection kit.

### Dimensions

FPP 6TP

FPP 6LT
